

## Milestone 40

### TNA dissemination form

The TNA dissemination form will provide a way to track and record results of users accepted for TNA calls. It will be a way to officially submit project reports and inform PITHIA-NRF of any other publication or presentation of the project. This will create a library of PITHIA-NRF funded project's publications with links to their online storage place (if existent) and explanation of the project in plain language.

MS40 will be realized by having an online form for the users to fill in with the following fields:

Name (\*)

E-mail (\*)

Choice: First submission or Updating information (\*)

Title (or proposed title) (\*)

First author/presenter (\*)

Co-authors/co-presenters

Short summary in plain language explaining the scientific problems addressed, the method, the new results and how PITHIA-NRF contributed (in case of PITHIA-NRF report) or abstract (for other forms of dissemination) (\*)

Type of dissemination (\*)

- PITHIA-NRF report
- Poster presentation
- Abstract submission
- Oral presentation
- Manuscript submission
- Accepted publication
- Other, please tell us what:

Where (name of conference, journal, website, other) (\*)

Date of presentation/publication (\*)

PDF / Link to online storage place of the article/report/presentation (if existent)

Way to attach a PDF file.

The data from the online form will be gathered in a database and relevant parts will be made public on PITHIA-NRF website.
